Product Description

Foam-filled Maxi Plus bag for all miniatures and accessories for the Zombicide: Dark Side base game from CMON. The zombie sci-fi spectacle in the depths of space continues. To make sure you are prepared for the dark tunnels of PK-L7, we provide you with this foam-filled MAXI PLUS bag. Store all your figures and all your game accessories from the basic game of "Zombicide: Dark Side" by CMON. Whether machine or putrid xenos spawn, each of your figures will find a suitable compartment in the Feldherr foam inserts. Embedded in high-quality, soft foam, the sensitive parts of your figures are reliably protected from damage. The foam prevents scratches and colour abrasion of your painted figures just as reliably. You can store your rulebook, cards and game material in the full-size tray with the large compartment (FS050I031BO). Survivor boards, markers, playing cards and other accessories, as well as the hero models, can be sorted into the spacious compartments of the full-size insert FSMEQV050BO. The foam lid supplied closes things off. This ensures that the figures are protected from all sides. The comfortable Feldherr MAXI PLUS bag is made of particularly hard-wearing material. In addition, padded side sections and a reinforced base ensure that your miniatures are well protected from external influences, even when being transported by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. Here you have space for writing materials, booklets and other small items. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also use the bag as a shoulder bag thanks to the hard-wearing, detachable shoulder strap.
