from **45,10 EUR**

Item no.: 378144
shipping weight: 0.30 kg
Manufacturer: Feldherr

Product Description

Spiderman meets the Red Skull. Captain America joins forces with Iron Man to put Ultron in his place, while the Hulk battles Doctor Octopus. And your skill and luck will decide the outcome. The biggest crisis on the gaming table - broken limbs, chaos and scratched paint - can easily be averted, because with this comfortable Feldherr MEDIUM bag including foam, your miniatures are protected on the way to the gaming table. The set offers space for all 10 character miniatures, the terrain pieces and the complete game accessories of the basic box (CP01) from Atomic Mass Games. The Learn to Play booklet, the character stat cards and the mission tracker are stored on the foam lid or in the compartment on the front of the bag. All superheroes and supervillains of the basic game find a safe place together with the terrain pieces on four foam inserts. From Black Widow to Doctor Octopus to Ultron - we have the right compartment for every miniature. Wrapped in high-quality, soft foam, the character figures and the terrain are optimally protected from damage. If you paint your miniatures, you no longer have to worry about them sliding around or bumping into each other and ruining hours of painstaking painting. The colours are just as reliably protected against scratches and abrasion. Of course, there are also plenty of compartments for sorting the tokens and other game material. This means you always have an overview, save time when setting up the game and no tokens go missing. Finally, the foam lid supplied ensures that your figures are safely packed away and everything is perfectly prepared for the journey to the gaming table. Larger game components, such as the Learn to Play booklet, the character stat cards and the mission tracker, can be placed on top or stowed in the compartment on the front of the bag. The Feldherr MEDIUM bag is made of particularly hard-wearing material. Padded side panels and a reinforced base also ensure that the miniatures are excellently protected from external influences, even when being transported by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. Here you can store the booklet and other small items. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also carry the bag comfortably as a shoulder bag thanks to the sturdy, detachable shoulder strap. Details - high-quality, fine-pored foam - Made in Germany - chlorine-free and acid-free
