Product Description

What do you actually know about your neighbour? Traitors could be anywhere. Cults of fanatical followers have been founded in the name of Dark Symmetry and are trying to destabilise human society from within. The police and Freiklingen are looking for traitors like a needle in a haystack. So that you don't have to search for your tokens or severed limbs and weapons during the game, we have the matching Feldherr MEDIUM bag for you. All the contents of the "Luna City" expansion for "Siege of the Citadel" can be transported well protected and neatly organised in this practical bag. The set contains: - 1 Feldherr MEDIUM bag - 1 half-size foam insert for miniatures of 1 von Hölle, 3 Luna PD characters and 6 Heretics (HS045I012BO) - 1 half-size foam insert for miniatures of 1 Zenithian Soulslayer, 2 Ilian Templars and 4 Twisted Marionettes (HSLM050BO) - 2 half-size foam inserts for cards and game material (HSMEQO050BO) - 1 half-size foam mat, 4 mm, as a height leveller - 1 foam cover We have packed a total of 4 half-size inserts in the bag to protect your miniatures and game material. Whether it's a tough Luna PD investigator, the Archvillain of Hell or a Zenithian Soulslayer, every miniature will find a suitable compartment in the inserts. Thanks to the precise fit, the miniatures won't slip and will always stay in place. Embedded in high-quality, soft foam, the sensitive parts of your figures are reliably protected from damage. The colours of the painted miniatures are just as safe from abrasion and scratches. Once your miniatures have been cared for and packed, we take care of your game material. The two 50 mm high trays provide you with space to organise all your cards and tokens. To make it easier for you to get the cards out of the trays, they have finger-thick cut-outs. Of course, the cards also fit into the inserts with protective sleeves. The foam lid supplied closes things off. It ensures that the miniatures are protected from all sides. The additional player tray and the double-sided boards can be stored on the lid. The Feldherr MEDIUM bag is made of particularly hard-wearing material. Padded side panels and a reinforced base ensure that the miniatures are also optimally protected during transport by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. Here you can store a notebook or the Rule book and the Missions book, for example. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also carry the bag comfortably as a shoulder bag thanks to the sturdy, detachable shoulder strap. Dimensions of the MEDIUM bag: - Inside: approx. 345 mm x 275 mm x 120 mm - Outside: approx. 390 mm x 330 mm x 140 mm The inserts have the following dimensions: - HSLM050BO / HSMEQO050BO: 275 mm x 172 mm x 50 mm total height (40 mm usable height + 10 mm foam base) - HS045I012BO: 275 mm x 172 mm x 45 mm total height (35 mm usable height + 10 mm foam base) - high-quality, fine-pored foam - Made in Germany - chlorine-free and acid-free
