Product Description

When the blood-red moon has appeared, the ominous plague descends on Yharnam. Bringing death and madness to all, the screams of men resound everywhere. To ensure that your miniatures are well protected even in the face of madness and death, we have added this Feldherr MEDIUM bag including foam to our range. In it you can safely store and transport the 42 miniatures of the "Blood Moon Box" for "Bloodborne: The Board Game", which is only available via Kickstarter. Four half-size foam inserts are available for your models and cards. Whether it's the disgusting Large Nightmare Apostle, aggressive Great Huntsman or a simple lamp, each figure is assigned a suitable and secure compartment. Thanks to the precise fit, the miniatures have a firm hold. Even if the moon falls from the sky during transport and the hunter's dream trembles, the figures do not slip and remain in place. The soft, fine-pored foam protects intricate details from breaking off and the colours of your painted models from scratches and paint abrasion. Sort the playing cards into the corresponding card compartments. The finger-wide recesses make it easier for you to remove the playing cards. Of course, all cards also fit with protective sleeves. The foam lid supplied closes the whole thing off. The Trick Weapon Dashboards and the tarot cards are placed on the lid. The Feldherr MEDIUM bag is made of particularly hard-wearing material. Padded side panels and a reinforced base ensure that the miniatures are well protected even when being transported by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. Here you can store a notebook or rulebook, for example. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also carry the bag comfortably as a shoulder bag thanks to the sturdy, detachable shoulder strap.
