Product Description

The hunt for the Fallen Angels drives the Dark Angels. With the Feldherr MEDIUM bag, you can safely store and transport your Dark Angels battle patrol. All miniatures of your Imperial elite force are neatly stowed away in this bag, spread across three half-size inserts. Precisely fitting compartments for each individual model ensure that the figures do not slide around or bump into each other during transport. This also protects the colours of the painted Primaris Marines from abrasion and scratches. You can store the mighty Redeptor Dreadnought in the high half-size foam insert. In addition to the large compartment for the Redeptor, there are four large rectangular compartments. Your Inceptors and their flight passes fit perfectly here. You can store Adeptus Astartes units on 32 mm bases in the two small compartments. Place your Primaris Order Priest and the five Intercessors in the smaller of the two remaining inserts. You can use the remaining compartments for other infantry models such as Aggressors or character models such as an Apothecary or Primaris Ancient. All miniatures of the Combat Patrol: Dark Angels are safely stored, and we have packed an additional insert in the bag for your growing army. Here you can store up to 15 infantry models such as Primaris Intercessors, Infiltrators or miniatures of a similar size and thus intensify the hunt for the Fallen Angels. Each of the 15 compartments is 43 mm long x 43 mm wide x 50 mm deep. Finally, the supplied foam lid ensures that your figures are safely packed and survive transport to the gaming table undamaged. The Feldherr MEDIUM bag is made of particularly hard-wearing material. Padded side panels and a reinforced base ensure that the miniatures are well protected even when being transported by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. Here you can store the battle tome, for example. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also carry the bag comfortably as a shoulder bag thanks to the sturdy, detachable shoulder strap.
