Product Description

What would Disney's heroes be without their iconic counterparts? Probably very bored. Luckily, the Disney Villainous expansions are bringing new villains into the world. Cruella Deville already knew that the best way to travel is in style. But because style isn't everything, we've filled this bag with matching Feldherr foam inserts to ensure that your expansions arrive undamaged and that you can keep track of them. For the well-being of your miniatures, we've packed two foam inserts, each with ten compartments, into the bag. Each figure has its own, precisely fitting compartment. This ensures that the miniatures do not slide around or bump into each other during transport. The colours of painted figures are also protected from abrasion and scratches. The cards and game material are provided with four foam inserts. This means you have an insert with three card compartments for each expansion. This is a card tray for each villain deck, consisting of a fate card deck and a villain card deck. To make it easier for you to remove the individual stacks, the card slots have finger-thick cut-outs. It goes without saying that all card sleeves fit into the compartments. You can sort the chips into the remaining compartments. If you want to add more expansions to your collection, you can store two additional expansions in the bag. The card stacks cannot be sorted by villain here. The foam lid supplied closes the whole thing and ensures that your figures are securely packed all round. You can store the game aids, player boards and villain manuals on the foam lid or in the small front pocket. The Feldherr MEDIUM PLUS bag is made of particularly hard-wearing material. Padded side panels and a reinforced base also ensure that the miniatures are well protected from external influences, even when being transported by car or train. It can also be locked and unlocked with an optional padlock. In addition to the large main compartment, the bag has a small zip pocket at the front. Here you can store booklets and other small items, for example. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also carry the bag comfortably as a shoulder bag thanks to the sturdy, detachable shoulder strap.
