Product Description

The war against the Dark Legion continues. This time the warriors of the Brotherhood join your fight while the apostles of the Dark Legion bring dark magic into the field. We support you with this Feldherr MEDIUM bag incl. foam. Thanks to the practical bag, you don't have to worry about broken weapons or lost tokens. It allows you to store the miniatures and game material from the expansion neatly and transport them well protected. You are sure to earn the respect of the Brotherhood. We have packed a total of three half-size inserts in the bag to protect the miniatures and game material. Whether it's a Brotherhood warrior, Valpurgius or the terrifying Praetorian Behemoth, every miniature will find a suitable compartment. Thanks to the precise fit, the miniatures sit securely in place and even when being transported through the depths of space, nothing slips and the miniatures remain in place. Embedded in high-quality, soft foam, the sensitive parts of your figures are reliably protected from damage. The colours of the painted miniatures are just as safe from abrasion and scratches. Once your miniatures have been cared for and packed, we take care of your game material. A 50 mm high insert is available for your cards. The card compartments have finger-wide cut-outs. These make it easier for you to remove the cards. Of course, the cards also fit with protective sleeves. You can divide your tokens between the other compartments. This allows you to organise all your game material neatly. The foam lid supplied closes things off. It ensures that the miniatures are protected from all sides. You place the player tray and the double-sided boards on the lid. The Feldherr MEDIUM bag is made of particularly hard-wearing material. Padded side panels and a reinforced base ensure that the miniatures are also optimally protected during transport by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. Here you can store both the Rule and the Missions book. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also carry the bag comfortably as a shoulder bag thanks to the sturdy, detachable shoulder strap. As with all 3D-printed models, minor imperfections may occur. The product images are only examples of what the finished product may look like. Colours may vary. All products are supplied unpainted.
