from **41,40 EUR**

Item no.: 378174  
shipping weight: 0.30 kg  
Manufacturer: Feldherr

### Product Description

As a battle-hardened soldier, the undead should be no problem for you. But the zombies you encounter have guns. This Feldherr MEDIUM bag, including foam, is available so that even more imponderables don't make your survival more difficult. All the contents of the "Fort Hendrix" campaign expansion for the second edition of Zombicide are perfectly protected and stored in this practical bag. We have packed one full-size and two half-size inserts in the bag to protect your miniatures and game material. Whether it's a tough eco-activist like Wayne, your companion Penny or a shooter zombie, every miniature will find a suitable compartment in the 40 mm high insert. Thanks to the precise cut, the miniatures won't slip and will always stay in place, even during the fiercest zombie battle. Embedded in high-quality, soft foam, the sensitive parts of your figures are reliably protected from damage. The colours of the painted miniatures are just as safe from abrasion and scratches. Once your miniatures have been cared for and packed, we take care of your game material. The two 50 mm high trays provide plenty of space to organise all your cards, tokens, ID cards, dice, board tiles and campaign sheets. For the many small-format mini cards, a plastic card holder is included in addition to suitable compartments in the full-size insert. You can fit this into one of the large card compartments of the half-size tray. Of course, the cards also fit into the inserts with protective sleeves. The foam lid supplied closes things off. It ensures that the miniatures are protected from all sides. The Feldherr MEDIUM case is made of particularly hard-wearing material. Padded side panels and a reinforced base ensure that the miniatures are well protected even when being transported by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. Here you can store a notebook or the Rules & Missions book, for example. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also carry the bag comfortably as a shoulder bag thanks to the sturdy, detachable shoulder strap. As with all 3D-printed models, minor imperfections may occur. The product images are only examples of what the finished product may look like. Colours may vary. All products are supplied unpainted. Details - high-quality, fine-pored foam - Made in Germany - chlorine-free and acid-free - thermoplastic plastic - thermoplastic - 3D printed in Germany
