Product Description

On the hunt for ancient gold, the Fyreslayers fight their way through the mortal realms without trousers. They will make any pact to resurrect their forefather Grimnir. The main thing is that they get paid in primal gold. With the Feldherr MEDIUM bag, you can transport up to 20 angry dwarves to the next battle. 3 half-size foam inserts ensure that your dwarves, armed to the beards, can rest before the battle. Precisely fitting compartments for each model prevent the figures from sliding around or bumping into each other during transport. This ensures that intricate details remain intact. It also protects the colours of your painted longbeards from abrasion and scratches. It's not uncommon for an Auric Runesmith or Runemaster to ride into battle on a Magmaroth. To prevent their connection to the fire creatures from being severed by incorrect storage, you get the matching foam insert for the priest of the Fyreslayers and his mighty mount. A compartment tailored precisely to the miniature of the Magmadroth ensures optimum protection for this ominous unit. In addition to the large compartment, you still have two compartments in which you can store further Fyreslayers. They are suitable for many models on 32 mm bases, such as Doomseeker or Battlesmith. The insert with seven generously sized compartments provides a safe haven for a squad of five Auric Hearthguard or Hearthguard Berzerker. You can also store two more models with 32 mm bases, e.g. a Grimwrath Berzerker or an Auric Runesmith, in the insert. The foam insert with ten compartments offers enough space for a squad of Vulkite Berzerkers or other miniatures on 32 mm bases. Of course, game materials such as dice or tokens can also be neatly stored here. Finally, the supplied foam lid ensures that your figures are securely packed all round and survive transport to the gaming table undamaged. The Feldherr MEDIUM bag is made of particularly hard-wearing material. Padded side sections and a reinforced base ensure that the miniatures are well protected even when being transported by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. Here you can store the battletope, for example. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also carry the bag comfortably as a shoulder bag thanks to the sturdy, detachable shoulder strap.
