Product Description

All 47 miniatures and all the accessories from the starter set are neatly stowed away and safely transported in the convenient MEDIUM bag. On the cold edge of civilisation, the discarded members of society watch over the Wall to prevent the horrors and chaos that lurk behind it from befalling Westeros. But who will keep the Night's Watch safe? We do! With this MEDIUM bag including Feldherr foam inserts, miniatures and accessories are safely stored and can be transported to the gaming table well protected at any time. All 47 miniatures of the starter set find a safe haven on 3 foam inserts. From Jon Snow and the Ranger Trackers to the Sworn Brothers, each miniature has its own compartment. Packed in high-quality foam, the figures are optimally protected from damage. The swords stay sharp and even after rough transport Jeor Mormont's raven stays where it belongs. If you paint your miniatures, you no longer have to worry about them sliding around or bumping into each other, ruining hours of painstaking painting. The colours remain intact and free from scratches. A customised insert is included for the game material. It is divided into 3 large compartments. The Infantry Movement Trays and the Cavalry Movement Tray can be stored in the large compartment. The top two compartments are for storing the playing cards, dice and tokens. One of the compartments has a cut-out so that the Solo Movement Trays fit in perfectly. Finally, a foam lid ensures that your figures are securely packed all round and perfectly equipped for transport. Larger cardboard parts and the rulebook can be placed on top or stowed in the compartment at the front of the bag. The Feldherr MEDIUM bag is made of particularly hard-wearing material. Padded side panels and a reinforced base also ensure that the miniatures are well protected from external influences, even when being transported by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. Here you can store booklets, tiles and other small items. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also carry the bag comfortably as a shoulder bag thanks to the sturdy, detachable shoulder strap.
