Product Description

The Captain expansions add even more miniatures to your collection. To ensure that Skarn, Kyndrithul, Belthir and the other allies of the Overlord are stored just as safely as the rest of your Descent collection, you get the matching Feldherr MEDIUM bag for the safe storage and transport of all 2nd edition Hauptmann figures. - The set offers space for all miniatures and accessories from all Captain sets for Descent: Journey into Darkness 2nd Edition. EditionIt consists of:- 1 Feldherr MEDIUM bag- 1 half-size foam inlay for 7 Hauptmann miniatures (HSMEDT080BO)- 1 half-size foam inlay for 16 miniatures (HS035BF05BO)- 1 half-size foam inlay for playing cards (HSMEQO050BO)- 1 assortment box for tokens and small game material (FHBox01)- 2 half-size foam mats, 10 mm, for height levelling- 1 foam coverTwo foam inserts protect your miniatures, one for the playing cards and one token box for the remaining accessories from the Hauptmann sets. One foam insert comes with 7 miniature-specific compartments for the following Captain figures:- Valyndra- The Rat King- Belthir- Skarn- Sinistrael- Bol'Goreth- Queen AriadCompletely embedded in soft foam, the figures cannot slide around or bump into each other during transport. After all, it would be particularly annoying if, after all the time and money you've put into painting them, the paint chips off. Or worse still, if the wings of the lindworm queen snap off because they have been stored incorrectly. The insert provides optimum protection against unfortunate damage during transport or storage of your figures. The second foam insert with 16 compartments provides a safe place for the remaining Captain miniatures. - Each of the 16 compartments is 54 mm long x 35 mm wide x 25 mm deep. Your leader cards are well stored in the third insert. Of course, these also fit here with sleeves. The assortment box helps you to organise your markers. This means you can always keep an overview, save time when setting up the game and no markers get lost in the dungeon. Finally, the included foam lid ensures that your figures are safely packed away and everything is ready for the journey to the gaming table. The Feldherr MEDIUM bag is made of particularly hard-wearing material. Padded side panels and a reinforced base also ensure that the miniatures are perfectly protected from external influences, even when being transported by car or train. In addition to the large main compartment, the bag has a small compartment with a zip on the front. Here you can store booklets and other small items. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also carry the bag comfortably as a shoulder bag thanks to the sturdy, detachable shoulder strap.
