Product Description

Ideal for storing and transporting tabletop and board game miniatures in 28 mm scale Are you looking for a way to safely transport your miniatures collection to your next game night? Feldherr declares the search is over! Our MEDIUM PLUS bag with matching foam inserts allows you to neatly store up to 200 models. The fine-pored foam protects your miniatures from damage in the best possible way - delicate parts are preserved, and the paint applied to painted models does not get scratched. Of course, the inserts fit exactly into the sturdy MEDIUM PLUS bag. The bag is made of particularly hard-wearing material. Padded side panels and a reinforced base also ensure that the contents are optimally protected from external influences, even when being transported by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. Sheets, books and other accessories can be stored here. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also carry the bag comfortably as a shoulder bag thanks to the sturdy, detachable shoulder strap. The matching foam lid completes the set. Place it on top of the stack of inserts to ensure that nothing falls out during transport.
