from **48,86 EUR**

Item no.: 378159  
shipping weight: 0.30 kg  
Manufacturer: Feldherr

### Product Description

To ensure that nothing happens to your army on the way to the next mission, you get the matching MEDIUM PLUS bag including Feldherr foam inserts to protect your miniatures. Each miniature in your collection has its own custom-fit compartment. This keeps your models safely in place during transport. The soft foam not only protects the delicate parts of your figures. The colours of painted miniatures are just as safe from abrasion and scratches. The full-size foam insert FSMEVM100BO has a large, miniature-specific compartment. Here, the Bomba model lies securely and completely surrounded by foam. This means that sensitive parts such as guns, bombs and rockets are reliably protected from damage during transport. The colours of the painted miniature remain just as intact. The included foam cover completes the set and ensures that your miniatures are protected from all sides by foam. The Feldherr MEDIUM PLUS bag is made of particularly hard-wearing material. Padded side panels and a reinforced base also ensure that the miniatures are optimally protected from external influences, even when being transported by car or train. It can also be locked and unlocked using an optional padlock. In addition to the large main compartment, the bag has a small zip pocket at the front. Here you can store booklets and other small items, for example. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also carry the bag comfortably as a shoulder bag thanks to the sturdy, detachable shoulder strap.
