ME23BO - MEDIUM bag for Kill Team: Rogue Trader

from **45,10 EUR**

Item no.: 378230
 shipping weight: 0.30 kg
 Manufacturer: Feldherr

Product Description

All miniatures, terrain components and game material from the Kill Team expansion 'Rogue Trader' safely stored and easy to transport with the MEDIUM bag including foam inserts. The fact that nowhere is safe where they land should not be a new realisation for the Rogue Traders. In the remotest corners of Imperial space, they search for colonisable worlds that have not yet been contaminated. This time, however, a particularly ominous ambush awaits the Starstriders around Eludia Vhane in the confines of the shuttle Wahrfalke, with an even more ominous opponent - the repulsive mutants of the Gellerpox Infected. So that you can fight the battles between Elucia Vhane and Vulgrar Thrice-Cursed and their teams anywhere, we have taken care of the appropriate transport options. With our MEDIUM bag including the matching foam inserts, all Kill Team models, the terrain pieces and other game material are safely stored and easy to transport. Two foam inserts offer the right compartment for each of the 23 miniatures from the Kill Team expansion 'Rogue Trader', in which they are neatly and safely stored. The custom-fit compartments ensure that the models do not slide around or bump into each other during transport. This not only protects the sensitive parts of the miniatures from damage. It also prevents the colours of painted figures from rubbing off or chipping after hours of precision work with brushes and acrylic paint. This means that the Death Cult Energy Blade from Knosso Prond is just as well protected as the Vulgrar Thrice-Cursed Fleshclaw, even when being transported by bus or train. A third foam mat with customised compartments takes care of the terrain parts of the Wahrfalken. In the centre, the 10 bulkhead doors are lined up in individual compartments. The two pipe sections, as well as the 4 escape pods, also have their own compartments. The remaining parts, i.e. the 4 chests with the coat of arms of Elucia Vhane, the two chairs and the 4 command consoles, each have their own compartment on the fourth inlay. You can also store the markers here in an organised manner. Nothing gets lost and the quick and easy overview saves you and your fellow player time when setting up the game, which you can put to better use in the kill zone. Finally, a foam lid ensures that the miniatures are completely packed away and ready for transport. You can place the playing field on the lid. The Feldherr MEDIUM bag is made of particularly hard-wearing material. Padded side panels and a reinforced base also ensure that the contents are well protected from external influences, even when being transported by car or train. In addition to the large main compartment, the bag has a small compartment with a zip on the front. Here you can store the data and tactics cards, as well as the Kill Team book and the two codices. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also carry the bag comfortably as a shoulder bag thanks to the sturdy, detachable shoulder strap. So everything is perfectly packed and you are ready for the next skirmish anytime and anywhere. Details - high-quality, fine-pored foam - Made in Germany - chlorine-free and acid-free Contents - 1 MEDIUM bag - 1 half-size foam inlay for 16 miniatures (HSCU060BO) - 1 half-size foam inlay for 18 miniatures (HS050BF01BO) - 1 half-size foam inlay for terrain pieces (HSMEGE060BO) - 1 half-size foam inlay for terrain pieces and markers (HS050BF05BO) - 1 matching foam cover Dimensions Foam inlays - Inlay HSCU060BO: 275 mm x 172 mm x 60 mm total height (50 mm usable height + 10 mm foam base) - Inlay HS050BF01BO: 275 mm x 172 mm x 50 mm total height (40 mm usable height + 10 mm foam base) - Inlay HSMEGE060BO: 275 mm x 172 mm x 60 mm total height (50 mm usable height + 10 mm foam base) - Insert HS050BF05BO: 275 mm x 172 mm x 50 mm total height (40 mm usable height + 10 mm foam base) MEDIUM bag - Internal dimensions: approx. 345 mm x 275 mm x 120 mm - External dimensions: approx. 390 mm x 330 mm x 140 mm
