Product Description

Compatible with "The Legends of Andor" & the "New Heroes" expansion Andor is in danger, a darkness is stirring and creatures are advancing on Rietburg Castle. Fortunately, heroes are stepping up to save the land. To do so, they need dice, tokens, herbs, fountains, gems, gold, weapons, potions, parchments and lots more. Our insert groups and organises all these components and keeps the kingdom tidy. A placeholder (2 rectangular frames) is also included to compensate for the missing hero boards if you don't have the expansion. Once all the boxes have been placed in the box, there is a recess to put the hero and equipment boards in. The game board and instructions are then placed on top. The box lid closes flush. The box can easily be stored on edge. To make sorting easier, we have printed the lower boxes in a different colour. As with all 3D-printed models, there may be minor imperfections. The product images are only examples of what the finished product may look like. All products are provided unpainted.
