Product Description

The convenient Feldherr bag with matching foam for safe and tidy storage of your gang miniatures Feldherr presents this Medium Plus bag, filled with matching foam inserts for Necromunda, so that your gangs don't get hit on the way to game night. A total of 5 inlays offer space for clear and safe storage of 77 miniatures. The fine-pored foam reliably protects your figures from damage - fragile parts remain intact during transport, while sensitive surfaces are spared scratches and abrasion. The HSLM050BO insert has 10 compartments and allows you to store a complete gang (e.g. Escher or Goliath). The HSMEDN055BO insert has 20 compartments. You can safely store two Ambots in the two large compartments, while the 18 smaller compartments are suitable for Ganger miniatures such as Delaque or Cawdor Gangs. The HS050I012BO foam tray has 12 compartments for storing additional Ganger miniatures. The HSMEFF045BO inlay has eight smaller compartments and two larger, elongated compartments. Finally, the set contains the FSMEDS050BO, a full-size inlay with space for a further 32 miniatures. The matching foam lid completes the set. You place this on the top insert - so nothing can fall out during transport. The Feldherr MEDIUM PLUS bag is made of particularly hard-wearing material. Padded side panels and a reinforced base also ensure that the miniatures are perfectly protected from external influences, even when being transported by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. Here you can store booklets, boards and other small items. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also carry the bag comfortably as a shoulder bag thanks to the sturdy, detachable shoulder strap.
