Product Description

All 33 miniatures and accessories from the three expansions neatly stowed away and safely transported! In addition to the Terrain expansion, three other expansions enrich your adventures in the Dark Ages. With this foam-filled Feldherr MEDIUM PLUS bag specially designed for the three Lords of Hellas expansions, you can transport your heroes, gods and monuments safely to the next game. The bag offers space for the figures and accessories from the expansions: - Atlas - City of Steel - Lord of the Sun. The set includes: - 1 Feldherr MEDIUM PLUS bag - 1 half-size foam insert for Apollo, Wall of Troy and cards (HSCR080BO) - 1 half-size foam insert for Satyr, Arachne, smaller miniatures and game material (HSMEDO065BO) - 1 half-size foam insert for soldiers (HSHJ030BO) - 1 half-size foam insert for Atlas (HSMEVE120BO) - 1 foam mat, 5 mm, as a height leveller - 1 foam cover. All 33 miniatures from the three expansions find a safe place on four foam inserts. From the monumental Atlas to the wall of Troy to the soldiers - we have the right compartment for every miniature. Packed in high-quality foam, the figures are optimally protected from damage. Apollo's cloak remains just as intact as Atlas' arms. If you are painting your miniatures, you no longer have to worry about them sliding around or bumping into each other and ruining hours of painstaking painting. The colours are reliably protected against scratches and abrasion. Of course, there are also enough compartments for the markers and other small game materials. The playing cards can be stored in a compartment on the HSCR080BO. Finally, a foam lid ensures that your figures are securely packed all round and everything is perfectly equipped for transport. Larger game components such as monster cards, game plans and boards can be placed on top or stowed in the compartment at the front of the bag. The Feldherr MEDIUM PLUS bag is made of particularly hard-wearing material. Padded side panels and a reinforced base also ensure that the miniatures are perfectly protected from external influences, even when being transported by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. Here you can store booklets, boards and other small items. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also carry the bag comfortably as a shoulder bag thanks to the sturdy, detachable shoulder strap. Dimensions of the MEDIUM PLUS bag: - Internal dimensions: approx. 345 mm x 275 mm x 150 mm - External dimensions: approx. 390 mm x 330 mm x 160 mm.
