shipping weight: 0.30 kg Manufacturer: Feldherr

Product Description

The practical BEDIUM PLUS bag for safely storing and transporting up to 20 miniatures To survive in the rich world of Terrinoth, your miniatures should enter the battlefield in top condition. With the Feldherr MEDIUM PLUS bag and the matching foam, you can keep your models well organised and transport them safely to the next game night. The fine-pored foam offers reliable protection against damage - delicate miniature details remain intact, the colours of painted models are spared scratches and abrasion. The full-size foam insert with 8 compartments is ideal for character units such as rune golems, Maegan Cyndewin cavalry, offshoots of the Aymhelin and the thorn threshers. You can store units including tableau in the two half-size inserts with 6 compartments each. The inserts are particularly suitable for Darkwood Archers, Maegan Cyndewin Cavalry and the Berserkers (ravenous). The robust MEDIUM PLUS bag is made of particularly hard-wearing material. Padded side panels and a reinforced base also ensure that the contents are optimally protected from external influences, even when being transported by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also carry the bag comfortably as a shoulder bag thanks to the sturdy, detachable shoulder strap. The matching foam lid acts as a cover to ensure that the miniatures in the top insert do not fall out during transport.
