Product Description

The battle rages. Powerful cannons fire deafening volleys. Exploding barrel bombs burst metal and spray sprays metres high. Thanks to the Feldherr MEDIUM PLUS bag, you no longer need to worry about your models. Four customised Feldherr foam inserts provide your Warlord Games miniatures with enough storage space to accommodate all your ships. This set is intended exclusively for the storage of miniatures. It is not suitable for game material such as the double-sided game board or Turning Gauge. Embedded in soft foam, your sensitive models are optimally protected from damage. The precise cut prevents them from sliding around during transport. Your painted figures are thus protected from scratches and damaging paint abrasion. The three foam lids supplied provide the final layer of protection. The Feldherr MEDIUM PLUS bag is made of particularly hard-wearing material. Padded side panels and a reinforced base also ensure that the miniatures are optimally protected from external influences, even when being transported by car or train. It can also be locked and unlocked with an optional padlock. In addition to the large main compartment, the bag has a small zip pocket at the front. Here you can store booklets and other small items, for example. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also carry the bag comfortably as a shoulder bag thanks to the sturdy, detachable shoulder strap.
