from **41,39 EUR**

Item no.: 378190
shipping weight: 1.00 kg
Manufacturer: Feldherr

Product Description

Transport all 16 models and all game material from "The Forge & Hammer Expansion" safely and conveniently with this Feldherr bag. When it comes to the art of forging and metalworking, nobody can ignore the Oseram tribe. The Forge & Hammer Expansion takes you to the territory of the Oseram. Detailed heroes and monsters await you here. Delicate details such as forging tools or robot wings are in danger of snapping off or getting scratched. The MEDIUM bag including Feldherr foam inserts helps against this. This means that the figures and the game material from the expansion are always well protected. The set consists of: - 1 Feldherr MEDIUM bag - 1 half-size foam insert with 6 compartments for larger miniatures such as Ravagers, Glinthawks (HSMECO060BO) - 1 half-size foam insert with 12 compartments for smaller miniatures such as Oseram Hunter, Chargers, Lancehorns (HS050I012BO) - 1 half-size foam insert with 7 compartments for cards and game material (HSMEQO050BO) - 1 half-size grid foam + 1 foam base for additional game material (HS030RS + HS010B) - 1 foam cover. We have packed 2 half-size foam inserts in the bag to protect your miniatures. Whether it's an Oseram Hunter or a ferocious Ravager, each miniature has its own compartment. Thanks to the precise cut, the miniatures have a firm fit. Even when being transported through the ruins of the ancient world, the figures remain in place. The soft, fine-pored foam protects intricate details from breaking off and the colours of your painted models from scratches and paint abrasion. The expansion cards and game material are also provided for. In the insert with seven compartments, you will find three card slots with finger-thick cut-outs. The cut-outs make it easier for you to remove the cards. Of course, the cards also fit into the compartments with protective sleeves. You can sort your tokens into the remaining compartments. To help you organise your game material even more clearly, we have also included a grid foam including a matching base. Here you can create additional compartments according to your wishes. Simply remove the foam pins according to your requirements and stick the grid foam to the base thanks to the self-adhesive side. The compartments of the foam inserts have the following dimensions: The 6 compartments of HSMECO060BO have the following dimensions: - 2 compartments: 80 mm long x 73 mm wide x 50 mm deep - 4 compartments: 80 mm long x 73 mm wide x 50 mm deep, rounded corners. The 7 compartments of HSMEQO050BO have the following dimensions: - 3 compartments: 95 mm long x 68 mm wide x 40 mm deep - 2 compartments: approx. 68 mm long x 48 mm wide x 40 mm deep - 2 compartments: approx. 48 mm long x 29 mm wide x 40 mm deep. Each of the 12 compartments of HS050I012BO is 54 mm long x 41 mm wide x 40 mm deep. The foam lid supplied completes the set. It ensures that the models are optimally protected from all sides. This prevents models from falling out of the compartments during transport. Place the rulebook, the 6 Encounter Tiles and the 4 Machine Behaviour Cards on the foam lid. The Feldherr MEDIUM bag is made of particularly hard-wearing material. Padded side panels and a reinforced base also ensure that the miniatures are well protected from external influences, even when being transported by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. Here you can store booklets, tiles and other small items. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also carry the bag comfortably as a shoulder bag thanks to the sturdy, detachable shoulder strap. Dimensions of the MEDIUM bag: - Internal dimensions: approx. 345 mm x 275 mm x 120 mm - External dimensions: approx. 390 mm x 330 mm x 140 mm. The foam inserts have the following dimensions: - HSMECO060BO: 275 mm x 172 mm x 60 mm total height (50 mm usable height + 10 mm foam base) - HS050I012BO / HSMEQO050BO: 275 mm x 172 mm x 50 mm total height (40 mm usable height + 10 mm foam base). The grid foam has the following dimensions: 275 mm x 172 mm x 30 mm total height. - High-quality, fine-pored foam - Made in Germany - Chlorine-free and acid-free
