from **33,39 EUR**

Item no.: 379336
 shipping weight: 0.70 kg
 Manufacturer: Feldherr

Product Description

Safely store and transport all ships from the third wave for X-Wing Second Edition including game material - space for up to 24 miniatures. With the third wave, your X-Wing collection gets new additions from the Galactic Republic and the Separatists. These models, with their usual attention to detail, also want to get to the next game unscathed. That's why we've created this MINI PLUS bag with matching inserts to transport your ship miniatures safely. The set includes:- 1 Feldherr MINI PLUS bag- 1 foam insert for Star Wars X-Wing: Sith-Infiltrator (HSMEMD035BO)- 1 foam insert for Star Wars X-Wing: ARC-170 + Delta-7 Aethersprite + V-19 Torrent (HSMEMV040BO)- 1 Foam Insert for 10 Star Wars X-Wing Starships (HSBE035BO)- 1 Foam Insert for Star Wars X-Wing Accessories (HS045XW04)- 1 Foam CoverA half-size insert provides space for a Sith Infiltrator. The model fits into the customised compartment both with the wings folded in and out. The precise cut prevents the ship miniature from sliding around during transport and thus protects not only the wings from damage, but also the colours from abrasion and scratches. There is also a compartment for large bases and two for manoeuvre wheels (with and without upgrade). You can also store small bases in these compartments if required. The two compartments next to them can either be used for small bases or for storing small fighters. The remaining 5 compartments can be filled with small ship models (e.g. Vulture-class droid fighters, Z-95-AF4 head fighters or Delta-7 aethersprites). The 5 compartments have the following dimensions:- 1 compartment, hexagonal: 48 mm long x 42 mm wide x 25 mm deep- 2 compartments: 59 mm long x 46 mm wide x 25 mm deep- 2 compartments: 46 mm long x 37 mm wide x 25 mm deepOn the second insert, you get two large, customised compartments for the ARC-170 starfighters, two for V-19 torrens and the Jedi interceptor, the Delta-7 Aethersprite, also makes two appearances here. There is also a compartment for large bases and three for manoeuvring wheels. And to ensure that everything is properly stowed away, there are a total of 12 cross-shaped slots between the compartments where you can store the holding rods. The third mat provides even more space for your fleet. Up to 10 X-Wing miniatures fit on the insert, such as TIE Reapers, Z-95 Headhunters or X-Wings. The ten compartments have the following dimensions:- 2 compartments: 70 mm long x 52 mm wide x 25 mm deep- 6 compartments: 70 mm long x 42 mm wide x 25 mm deepThe last foam insert keeps your game material organised. There is one compartment for large bases and one compartment for medium bases. There are also four compartments in which you can store either small bases or dials. There is also a compartment for (sleeved) cards and a small compartment for tokens or dice, for example. Finally, the supplied foam lid ensures that everything is securely packed and survives transport to the gaming table undamaged. You can transport the filled inlays in the practical MINI PLUS bag. This is made of particularly hard-wearing material and ensures that the figures are protected from external influences when travelling. There is a carrying handle on the top. An inside pocket with zip offers additional space for storing writing materials and other small items. A transparent compartment on the outside of the bag can hold a label on which you can write your name or the contents. The foam inserts have the following dimensions:- HSMEMD035BO: 275 mm x 172 mm x 35 mm total height (25 mm usable height + 10 mm base)- HSMEMV040BO: 275 mm x 172 mm x 40 mm total height (30 mm usable height + 10 mm base)- HSBE035BO: 275 mm x 172 mm x 35 mm total height (25 mm usable height + 10 mm base)- HS045XW04: 275 mm x 172 mm x 45 mm total height (35 mm usable height + 10 mm base)MINI PLUS bag dimensions:- Internal dimensions: approx. 275 mm x 172 mm x 150 mm- External dimensions: approx. 300 mm x 200 mm x 160 mm- High-quality, fine-pored foam - Made in Germany- Chlorine-free and acid-free
