Product Description

Welcome to Yharnam. In the board game adaptation of the Playstation hit, you have travelled to the city to join the great hunt. Can you survive the night and fathom the madness that surrounds the city? So that you don't share the fate of a far too early demise with the other hunters, this Feldherr Organiser is there to provide you with reliable support. The foam inserts offer protection for your miniatures and the token and card holders keep your board game box organised and tidy. The set fits into the original board game box of the "Bloodborne" base game from CMON. Two foam inserts provide space and protection for all plastic miniatures (hunters, enemies and bosses) from the base game. Three plastic token holders with matching lids serve as a storage place for all tokens. Three card holders help you sort the playing cards. All cards also fit with protective sleeves. The Map Tiles, Hunter Dashboards, double-sided Weapon Dashboards, the Hunt Board and the rulebook are stored separately in the box. The lid of the board game box protrudes approx. 2 cm. Transport and tilt-proof - vertical storage possible - No assembly required. All parts are ready for immediate use. Many a danger lurks in Yharnam's dark alleyways. Angry mobs and huge beasts endanger your life. Broken parts, nasty scratches and colour abrasion threaten your painted miniatures. So that you only have to fear the monsters around the next street corner, we have included two foam inserts in the set to protect your miniatures. Customised compartments ensure that every miniature in the base game is stored safely and neatly. The customised cut prevents the figures from sliding around and bumping into each other during transport. This protects delicate details and your painted models are not affected by abrasion and scratches. The small insert has four customised compartments for the monsters and two compartments for the hunter models: 1 Cleric Beast- 4 Church Giants- 1 Ludwig's Holy Blade Hunter- 1 Axe Hunter The large insert has 30 compartments for: 1 Saw Cleaver Hunter- 1 Threaded Cane Hunter- 1 Father Gascoigne- 1 Father Gascoigne Transformed- 1 Blood-Starved Beast- 1 Vicar Amelia- 4 Huntsman's Minions- 4 Scourge Beasts- 4 Male Beast Patients- 4 Female Beast Patients- 4 Church Servants- 4 Hunter Mobs Now that we've taken care of your miniatures, let's turn our attention to the game material. Three token holders and three card holders ensure that your game material is perfectly sorted and organised. To prevent tokens from falling out, each token holder is equipped with a practical lid. The large token holder with 4 compartments offers space for Broken Lamp Tokens, Survivor Tokens, NPC Tokens, Corpse Tokens and the Hunt Track Token. Consumable Tokens, Insight Tokens, Blood Echo Tokens, Frenzy Tokens, Fog Gate Tokens, Poison Tokens and HP Tokens can be found in the two small token holders. The two large card holders offer you the option of clearly sorting the Firearm Cards, Basic Stat Cards, Upgrade Cards, Consumable Cards, Reward Cards, Enemy Action Cards, Boss Action Cards and Campaign Cards. The large tarot cards (Player Aid Cards and Enemy Cards) can be easily stored in the single card holder. Of course, all cards also fit into the card holders with protective sleeves. Once both miniatures and game material are neatly stowed away, cover the inserts with the matching foam covers. This way, the miniatures are protected from all sides by the soft foam. The map tiles, hunter dashboards, double-sided weapon dashboards, hunt board and rulebook are stored separately on the organiser set in the box. This means that all your miniatures are safely stored and all your game material is neatly organised. Now the hunt can begin.
