📄 Product Description

When the call comes in and the siren alerts the brave men and women of the fire brigade, things have to happen quickly. And the better organised your equipment is, the faster you can respond. So that you and your fellow players can concentrate fully on your actual job, we have taken care of the organisation on the gaming table.With this Feldherr organiser made of sturdy plastic, you can keep the miniatures and the game material together. The tray goes straight from the box onto the game board, saving valuable time and nerves.The set consists of:- 1 Feldherr token and miniature holder for Flash Point: Flaming Inferno- 1 foam baseSave yourself the time-consuming task of organising and arranging tokens and accessories at the start of each game. With the Feldherr inserts for your tokens and miniatures, everything is now compactly stowed away. This makes it easier for you to sort everything after the game.With the organiser, you can always find what you need immediately and, thanks to the individually designed compartments, you can see straight away if a piece is missing. At the same time, the game material is reliably protected against creases and other wear and tear.To start the game, simply take the token and miniature holder out of the box and you're ready to go.Finally, the included foam base seals the organiser set and prevents the tray from sliding around in the box.- The token holder measures: 209 mm long x 96 mm wide x 31 mm high- thermoplastic- no assembly required - ready to play- 3D printed in GermanyAs with all 3D printed models, minor imperfections may occur. The product images are only examples of what the finished product may look like. All products are provided unpainted.- The foam lid measures: 285 mm long x 212 mm wide x 4 mm high- High-quality, fine-pored foam- Chlorine-free and acid-free- Made in Germany
