Product Description

Leave your home planet, venture into the darkness of the cosmos and reach for the stars. In the 4th edition of Twilight Imperium, you try to create your own star empire. The game impresses with lots of content. How do you best organise 17 factions, countless spaceship miniatures, countless playing cards and lots of tokens and markers? With the help of the matching Feldherr Organiser for the "Twilight Imperium" base game, of course. It allows you to store all game components compactly and clearly in the original board game box. The organiser offers space for all miniatures and the complete game material of the "Twilight Imperium 4th Edition" base game. The set fits exactly into the original base game box of the 4th edition. The 25 token and 11 card holders made of plastic can be removed individually. Supports premium card sleeves (max. outer dimensions 68 x 46 mm). Rulebook, rule references, lore compendium, victory point track, faction and command sheets are stored on the foam covers. Upgradeable: With the upgrade set (ORG035), you can also store the contents of the "Propheiseiung der Könige" expansion in the basic game box. The upgrade set for the expansion is available separately. No assembly required! Ready to use! While you build your galactic empire, we take care of the necessary organisation in your board game box. The token and card holders help you to organise all the game components. Each player receives their own tray with colour-coded spaceships and a card holder with the technology cards needed to start the game. The other card holders are designed so that you can fill them with cards according to your own ideas. The clear structure of the organiser helps you to keep track of all the game components. As there is no need for time-consuming pre-sorting, you can start playing more quickly. Spread the trays out on the table for a quick start to the game. Everything is ready to hand and you can get started. The set consists of: 6 small plastic card holders, each with 3 compartments for sorting the technology cards by player. 1 small plastic card holder with a compartment for playing cards such as action cards. 1 small plastic card holder with 3 compartments for playing cards such as agenda cards, contract cards. 2 large plastic card holders with 3 compartments for playing cards such as agenda cards, contract cards. 2 large plastic card holders, each with 3 compartments for playing cards such as planet cards, contract cards, evaluation technology cards for units. 1 flat plastic card holder with 2 compartments for strategy cards + assimilator markers. 2 large plastic token holders, each with 5 compartments for system boards, dice, trade goods and mass product markers (double-sided), infantry markers, fighter markers & other tokens and markers. Place the spiral creuss system board on top. 17 flat token holders made of plastic, each with 2 compartments for faction markers such as command markers, control markers and a recess for cards. 6 flat plastic token holders, each with 10 compartments for spaceships, sorted by player colour. All cards also fit in the organiser with a protective cover (max. outer dimensions 68 x 46 mm). To protect your game material and spaceships from above, cover the token holders with the foam lids provided. Rulebook, rule references, lore compendium, victory point track, faction and command sheets are stored on the foam lids. high-quality, fine-pored foam- chlorine-free and acid-free- Made in Germany. As with all 3D-printed models, minor imperfections may occur. The product images are only examples of what the finished product may look like. Colours may vary. All products are supplied unpainted. - thermoplastic- no assembly required - ready to play- 3D printed in Germany
