from **48,83 EUR**

Item no.: 379595  
shipping weight: 0.60 kg  
Manufacturer: Feldherr

### Product Description

Everything is taken care of here - your miniatures are safely stored in the foam and the game material is clearly organized. What use is the most ingenious organization if your lovingly painted ships have no place where they are safe from scratches? This Feldherr organizer in the Painter's Edition comes with its foam set. This means that your game material is clearly sorted and the colors of your painted miniatures are reliably protected against abrasion and other damage. The set consists of 18 individually removable boxes and card holders for sorting the game material, as well as 2 foam inserts for safe storage of the plastic miniatures. - The organizer and the foam inserts offer space for all miniatures and the complete accessories from the "Prophecy of Kings" expansion for "Twilight Imperium 4th Edition". - The set fits exactly into the original board game box of the expansion from FFG. - All cards also fit with protective sleeves. Compatible with premium card sleeves (max. outer dimensions 68 x 46 mm). - Transport and tilt-proof - vertical storage possible - "Ready to Use" - no assembly required. The essential components are: - 2 Feldherr foam inserts with miniature-specific compartments to protect the plastic miniatures. All miniatures from the expansion fit in the tray. 1 box for each of the seven factions to store the control and command markers, along with the cards. - 2 large trays for the hexagonal system and hypercube boards, with additional compartments for infantry, fighter and other markers - 6 card holders for each player color - 2 boxes and a deep tray for free use, e.g. for Mirage planet markers, Destroyer planet markers and game cubes. A foam lid ensures that the miniatures are securely packed all around. The foam inserts (AFMFDO035BO) have the following dimensions: 285 mm x 285 mm x 35 mm total height (25 mm usable height + 10 mm foam base) - high-quality, fine-pored foam - chlorine-free and acid-free - Made in Germany. As with all 3D-printed models, minor imperfections may occur. The product images are only examples of what the finished product may look like. Colors may vary. All products are supplied unpainted. - thermoplastic - no assembly required - ready to play - 3D printed in Germany
