Product Description

Compatible with Roll for the Galaxy and the expansion The Big Dream as well as all promo tiles- 6 boxes can be removed- Lid closes flush- Vertical storage possible- Overall size after assembly: 288 x 288 x 68 mm- Assembly requires wood glueHobby product. From 14 years. Not a children's toy.If you want to build a space empire, you need lots of workers to fulfil tasks, colonise worlds and develop technologies. The trick is to keep an overview! Our insert with a practical dice dispenser and customised space for all markers and tiles from the base game and expansion helps with this.ROGA consists of 6 trays that can be removed individually and placed anywhere on the game table.Tray 1: All dice types have their own space here. If you remove the side panel, the storage unit becomes a dice dispenser from which dice can simply be swiped out with your finger.Tray 2: This is a compartment for the five coloured credit unit markers.Tray 3: This is where the power markers go.Tray 4: Three compartments for the victory point tokens.Tray 5: The phase strips, faction tokens and task boards can be stored in several matching compartments.Tray 6: This last tray contains the home world and game tokens. There is also enough space here for promo tiles.Once all the trays have been placed in the box, there is a free area for the dice cups and the cloth bag. The storage boards are placed in a suitable recess. This is followed by the screens and finally the rule booklet. The box can be closed flush. The box can easily be stored on edge.This item is supplied as a kit that needs to be assembled. We recommend using wood glue for this (not included in the package).
