from **28,19 EUR**

Item no.: 379385
shipping weight: 0.50 kg
Manufacturer: Feldherr

Product Description

Did you know that the stories about monsters under your bed are true? Fortunately, they are kept in check by your soft toys. Every night they fight so that you can sleep peacefully. In "The Lord of Dreams", you can experience their adventures up close. We have created the organiser of your dreams so that your board game box doesn't look like a nightmare. Not only can you store the game material and the figures from the basic game here, but you can also neatly stow away all the game components from the "Bruderherz" expansion. You'll even find your way around your game box while you sleep and soon the monsters under your bed will just be scary stories to tell your children. The organiser fits into the original base game box of "The Lord of Dreams". It offers space for all figures, cards and the entire small game material of the base game and the expansion "Bruderherz" - 2 card holders for normal sized cards and a card holder for small sized cards invite you to sort your cards. The two large card holders have smaller compartments to store the expansion cards separately from those of the base game. In addition, an elevation in the compartments prevents the cards from simply slipping out. The cards fit into the compartments even with a protective cover (max. outer dimensions of standard cards: 97 x 68 mm, small-format cards: 68 x 52 mm). For better access, the token holders and card holders can be placed on the game table during the game. Store the character sheets, adventure books, monster cards, instructions, the bag and the additional boards on the foam lid. The lid of the box stands approx. 2 cm above. Transport and tip-proof - Vertical storage possible - Ready to use - No assembly required So that you can sleep in peace and don't have to spend your time gruelling pre-sorting, we have taken control of your board game box. 3 card holders, 3 figure holders and 2 token holders help you to keep your game material organised and clearly arranged. Thanks to the clear structure of the organiser, you always know where each game component is. This speeds up the game set-up and makes it easier for you to tidy up afterwards. To start the game quickly, simply take the trays out of the box and place them on the table. You're ready to go. The set consists of: - 2 card holders with four compartments each for standard cards such as the adventure deck, item cards, oblivion cards, sleep cards, condition cards and environment cards - 1 card holder with one compartment for small-format cards such as condition cards - 1 token holder with six compartments for small-format game material such as the cotton dice, threat dice, action dice, tokens for certain stories, the bookmark and the broken toy pile. - 1 token holder with five compartments for small game material such as buttons, cotton wool tokens (light and dark side), forgotten tokens, target tokens, heart tokens, plastic, Lucy, cupcakes, flying carpet, cardboard, socks, wooden planks, doors, magic sand and stone pillars / bowling balls - 1 figure holder with three compartments for miniatures such as the Dollmaker - 1 figure holder with 21 compartments for miniatures such as the Stoffis, Skreela, Crawlers, Dark Hearts - 1 figure holder with 14 compartments for miniatures such as Crepitus, Bedbugs and Barkers - 1 foam lid The organiser has the following dimensions: 281 mm x 281 mm x 54 mm high. - high-quality, fine-pored foam - chlorine-free and acid-free - Made in Germany As with all 3D-printed models, minor imperfections may occur. The product images are only examples of what the finished product may look like. All products are provided unpainted. - thermoplastic - made from renewable raw materials - no assembly required - ready to play - 3D printed in Germany
