Product Description

The X-Men are making themselves at home on your gaming table. While you have found an excellent solution (MAXPLUS_MEPLUS01) for all your miniatures, you are still looking for a space-saving storage option for the cards and the small-scale game material of the Uncanny Pledge. Take a look at this set: Two Feldherr storage boxes TCHS105 incl. practical 3D set offer plenty of storage space for stowing all the cards available from the Kickstarter and the small-scale game material from Marvel United: X-Men. The boxes are so small that they fit easily into many rucksacks. Up to 6 of them can be stacked wonderfully in a compartment of your Kallax shelf. - The more than 1500 cards and all the small game material from the basic game, the nine expansion boxes, the Kickstarter exclusive villain pack, the exclusive heroes, as well as from all unlocked stretch goals and Kickstarter rewards can be found in the bundle. - The set was designed for cards without protective sleeves. If you want to store your cards with protective sleeves, some cards must be stored separately. - The token holders are stackable and thus make optimum use of the available space in the storage box. - For a non-tipping, non-slip stand of the inserts, we recommend filling the compartment in which the token holders are stored with cards. - The token holders can be removed individually. The token holders are individually removable and can be used on the game table as a game aid. - Mission board, small rogue tableaus, team vs. team tableaus, small-format training cards are stored in a separate compartment in one of the card boxes. - This set has been designed exclusively for storing cards and small-format game material. Large-format game components - such as the rulebook, instructions, the hexagonal rogue tableaus and the locations - must be transported separately. A matching Feldherr set (MAXPLUS_MEPLUS01) is available for the miniatures. This set offers space for all cards from the following boxes of the Marvel United: X-Men Kickstarter campaign: - "Marvel United: X-Men" - Basic Game - "Marvel United: X-Men" - The Horsemen of the Apocalypse Expansion - "Marvel United: X-Men" - First Class Expansion - "Marvel United: X-Men" - Blue Team Expansion - "Marvel United: X-Men" - Gold Team Expansion - "Marvel United: X-Men" - Phoenix Five Expansion - "Marvel United: Deadpool" - Expansion - "Marvel United: X-Men" - Days of Future Past Expansion - "Marvel United: Fantastic Four" - Expansion - "Marvel United: X-Men" - Exclusives Villain Pack - Toad, Pyro, Blob - "Marvel United: X-Men" - Exclusives Hero - Storm (Mohawk) - "Marvel United: X-Men" - Exclusives Hero - Old Man Logan - "Marvel United: X-Men" - X-Force Expansion - all unlocked stretch goals from the Kickstarter campaign for Marvel United: X-Men You can store your cards neatly in the storage boxes and organise them according to your ideas. The set was designed for cards without protective sleeves. If you want to store your cards with protective sleeves, some cards must be stored separately. To ensure that your game material is also in the best hands, we have provided the set with three plastic token holders that can be stacked on top of each other to make optimum use of the space in the box. This is where you can store your small game material such as tokens and coloured baserings. We recommend filling the compartment with cards so that the token holders have an optimal stand. Finally, you can put the deployment plan, small rogue tableaus, team vs. team tableaus and the small-format training cards in a separate compartment. The Feldherr storage box TCHS105 is the ideal solution for storing and transporting your playing cards. It consists of two parts. The lower part is made of white, coated cardboard.
