from **18,88 EUR**

Item no.: 379420
shipping weight: 0.40 kg
Manufacturer: Feldherr

Product Description

You creep quietly through the mountain. Always aware that a careless noise could lure the dragon onto your trail. And let's be honest, you didn't really want to leave roasted to a crisp. We have the ideal Feldherr Organiser for you so that you don't have to rummage through your game material noisily. It not only prevents you from sharing the fate of charred sausages, but also forces your game material into a regiment of strict order. - Feldherr Organiser for the entire game material of the basic game. The set fits into the original board game box from "Klong! Ein Deckbau-Abenteuer" from Schwerkraft Verlag. - 4 plastic token holders keep your tokens and markers organised - 2 plastic card holders help you sort your cards and stacks. The cards can also be stored with protective sleeves. - transport and tip-proof - vertical storage possible - The rulebook and the double-sided game board can be stored separately on the foam cover. The dragon bag can be easily stored in the free corner of the box. - No assembly required. All parts are ready for immediate use. Concentrate on your career as a master thief. We bring structure to your basic box. With the token and card holders you may not be able to tame the dragon, but you can tame even the most chaotic game material. The clear structure of the organiser helps you to sort and helps you to set up the game quickly, as you don't have to search for every single token, marker or tile. The main components are: - 4 plastic token holders, each with 4 compartments for sorting the game material (large hiding places, small hiding places, artefacts, master keys, backpacks, crowns, Klong! tokens, dragon markers, monkey idols, master die markers, gold coins, black dragon tokens and the thief figures) - 2 card holders, each with 2 compartments for supply cards, starting card stacks and the dungeon stack Two thick foam mats are placed in the box to ensure that the trays sit firmly and cannot slip. Finally, the foam lid supplied ensures that everything is tilt-proof and that no token leaves its place during transport. The rule book and the double-sided game board can be stored separately on the foam lid. The dragon bag can be easily stored in the free corner of the box. - high-quality, fine-pored foam - chlorine-free and acid-free - Made in Germany As with all 3D-printed models, there may be minor imperfections. The product images are only examples of what the finished product may look like. All products are provided unpainted. - thermoplastic - no assembly required - ready to play - 3D printed in Germany
