### Product Description

Rebels and Empire, Super Star Destroyer and MC80 star cruiser, command wheels and maps: With our transporter set for Star Wars Armada, including the matching Euro container and practical transporter bag, you can safely store and transport all models from Waves I-VII as well as the "Super Star Destroyer" model. The fine-pored Feldherr foam optimally protects your exclusive miniatures from damage - sensitive parts remain undamaged and the colour applied to painted models does not scratch. The set offers space for the following models: - 1 Super Star Destroyer - 1 Type II Assault Frigate - 1 Empire-class Star Destroyer - 1 Imperial Assault Corvette - 1 Victory-class Star Destroyer - 2 MC80 Star Cruisers and/or MC80 Home One Assault Cruisers - 1 Nebulon-B Escort Frigate - 1 Nebulon-B Support Frigate - 1 Phoenix's Nest - 1 Phoenix's Nest 1 Phoenix Nest - 1 MC30c Torpedo Frigate or Recon Frigate - 2 Hammerhead Corvettes - 1 Interdictor - 1 Gladiator-class Star Destroyer - 1 Imperial Light Cruiser - 1 Imperial Light Carrier - 20 Armada Squadrons (Rebel or Imperial) - 4 Rebel Carriers, CR90 Corellian Corvettes, Gozanti-class Imperial Assault Carriers and/or Imperial Assault Corvettes - 2 MC75 Profundity In addition, there is space for all the accessories from Wave I-VII - cards, push and command wheels as well as tokens and bases. Naturally, the foam inserts fit exactly into the compact Euro container from Auer Packaging. The Euro container with hinged lid can be closed in no time at all thanks to the easy-to-use hinge system. Your miniatures are therefore optimally protected against transport damage. The ED 64/32 HG Euro container has the following dimensions: - External dimensions: 600 x 400 x 335 mm - Internal dimensions: 570 x 370 x 305 mm To ensure that your models are really well packed all round, the set contains a studded foam and two large foam bases. The studded foam is self-adhesive and is attached to the lid of the Euro container. This ensures that your miniatures do not bump against the lid of the Euro container unprotected during transport. The two foam bases provide additional cushioning for your models during transport - the first base is placed under the foam inserts in the Euro container, the second base is placed on top of the stack of inserts. A third, smaller foam base is used to level out the height of the stack of inserts in the Euro container. Our transporter bag is made from lightweight but durable fabric. In addition to the large main compartment, the bag has a small side compartment. It can be lifted with two carrying handles or comfortably shouldered with the sturdy carrying strap. Transporter bag dimensions: - Internal dimensions: approx. 620 mm x 400 mm x 340 mm Height - External dimensions: approx. 635 mm x 410 mm x 350 mm height - Front compartment: 230 mm width x 210 mm height The set contains: - 1 Feldherr transporter bag - 1 Euro container with hinged lid (ED 64/32 HG) - 1 foam insert with 7 compartments for Super Star Destroyer + game material (DMMEQE090BO) - 1 foam insert with 15 compartments for 1 Type II attack frigate, bases, cards in sleeves, tokens, thrust and command wheels (FSKR070BO) - 1 foam tray with 8 compartments for 1 Empire-class Star Destroyer, 1 Imperial Assault Corvette, 1 Victory-class Star Destroyer, cards in sleeves, several bases and thrust and command wheels.
