Product Description

Konichiwa! We would like to introduce you to the Feldherr transporter set for "Forbidden Fortress" from the "Shadows of Brimstone" series. The robust transporter bag contains a sturdy storage box, which is filled to the brim with the matching foam inserts for all heroes, demons, monsters, cards, tokens, dice and many tiles from the core set. There is also plenty of space for miniatures and game material from the expansions and stretch goals: - 9 compartments for (sleeved) cards from expansions and stretch goals - 92 compartments for tokens, dice and small miniatures from expansions and stretch goals - 14 compartments for medium-sized and large miniatures from expansions and stretch goals - 1 large compartment for tiles from expansions and stretch goals. Naturally, your game material is in good hands in our fine-pored foam. Delicate miniatures such as swords remain intact and the colour of painted figures does not get scratched. The stackable inserts fit exactly into the sturdy storage box. This is made of double-walled, coated cardboard and is therefore lightweight yet extremely hard-wearing. The attachable lid provides reliable protection against dust and other external influences. The DS storage box has the following dimensions: - Internal dimensions: 560 mm x 360 mm x 310 mm - External dimensions: 590 mm x 380 mm x 320 mm. Our transporter bag is made from lightweight yet durable fabric. In addition to the large main compartment, the bag has a small side compartment. It can be lifted with two carrying handles or comfortably shouldered with the sturdy carrying strap. Transporter bag dimensions: - Internal dimensions: approx. 620 mm x 400 mm x 340 mm high - External dimensions: approx. 635 mm x 410 mm x 350 mm high - Front compartment: 230 mm wide x 210 mm high. Three matching foam lids complete the set. Two foam lids are used to equalise the two stacks of inserts of different heights in the storage box. Another lid acts as a cover to ensure that nothing can fall out of the inserts. The set contains: - 1 Feldherr transporter bag - 1 Feldherr storage box DSLB310 - 1 foam inlay with 5 compartments for Living Statue XL Epic Boss and 4 other large miniatures (HSMEJK070BO) - 2 foam inlays with 8 compartments each for medium-sized miniatures (HS040BF02BO) - 1 foam inlay with 6 compartments for large miniatures (HSMECO075BO) - 1 foam inlay with 20 compartments for small miniatures (HS035C5BO) - 1 foam inlay with 12 compartments for miniatures (HS040I012BO) - 2 foam inlays with 4 compartments each for game boards, tiles and tokens (FS050I031BO) - 2 foam inserts with 32 compartments each for tokens, dice and small miniatures (FSMEDS050BO) - 2 foam inserts with 25 compartments each for tokens, dice and small miniatures (FSLQ050BO) - 4 foam inserts with 3 compartments each for cards (HSJM070BO) - 2 matching foam lids for height levelling - 1 matching foam lid as a cover.
