Product Description

If you haven't been bitten by the bug for the Mirrored City of Shadespire after the first season, you won't be able to resist the magic of Warhammer Underworlds after the second instalment "Nightvault". And for those who want to keep their warrior models safe afterwards, there's now this great complete package with all the foam inserts for the 16 Hosts and the Arcane Dangers, spread over three storage boxes. As a bonus, there is a fourth storage box M so that you are ready for the upcoming third season. Alternatively, you can also use it to store game boards and other accessories. All of this fits into the transporter bag. So you can take your entire Warhammer Underworlds collection with you at all times. From Averon Stormfather and Sanson Farrunner to Zarbag's scurrying goblin flock, every troop gets a customised Feldherr foam insert. The compartments are individually tailored to the miniatures. This means that the models are well protected in the soft foam. Sensitive details are thus protected from damage. The customised cut ensures that the figures do not slide around during transport. Painted warrior models are spared scratches and chipped colours. An additional compartment is reserved under each figure for the power and mission cards. Up to 40 cards (also with sleeves) can be stored here. Deck boxes also fit here. Dice and markers can be sorted into the remaining four compartments. As you can never have enough dice, there is also a mat for up to 77 dice on top. For the "Arcane Dangers" you get an insert with eight customised compartments for all six terrain pieces: Throne-Fire bowl with skulls- 3 pyramid-shaped ruins held by chains- 2 pyramid-shaped ruins shrouded in smoke- Destroyed statue- Vines. Finally, the included foam lids ensure that your figures are safely packed all round and survive transport to the Mirrored City undamaged. The storage boxes are made of coated, double-walled cardboard. This makes them not only lightweight, but also particularly robust and therefore ideal for storing your miniatures safely and protected from dust. You can transport the boxes using the plastic carrying handle. Dimensions of storage box M: - Internal dimensions: 345 mm x 275 mm x 150 mm height- The external dimensions are slightly larger. If you want to take your entire Warhammer Underworlds collection with you, simply pack the boxes in the Feldherr transporter, which is also included in the set. This is made from lightweight but durable fabric. In addition to the large main compartment, the bag has a small side compartment, e.g. for rulebooks. It can be lifted with two carrying handles or shouldered comfortably with the sturdy carrying strap.
