Product Description

The time of wandering is history. After thousands of years, your tribe is finally savouring the benefits of settling down. But why next to a volcano of all places? The "A New Beginning" expansion opens up completely new possibilities for you to develop your tribe. So that you can store the game contents of the expansion in the original board game box, we have an upgrade set for the existing organiser. This allows the contents of the base game and the expansion to be stored neatly and tidily in the base game box. - The set of 5 token holders, 3 card holders and 15 plastic card dividers complements the Feldherr Organiser (ORG117) for the "Paleo" base game box. - Feldherr Organiser (ORG0117) + Upgrade Set (ORG124) provide space for all the game material from the "Paleo" base game and the "A New Beginning" expansion. - The original cardboard insert must be removed for the expansion set to fit. - The token holders only work in conjunction with our ORG117 organiser for the original board game box. - All cards also fit with protective sleeves. - The card dividers are used to sort the cards by type. - The cardboard hut of the expansion can be stored assembled in the workbench of the basic game. - The farm tableau and the night tile are placed on the plastic trays. The expansion instructions are stored on the foam lid. - The lid of the base game box filled with the Feldherr Organiser (ORG117) and Upgrade Set (ORG124) protrudes approx. 1 cm. - Transport and tilt-proof - vertical storage possible. - No assembly required. All parts are ready for immediate use. The upgrade set includes: - 3 plastic token holders, each with a compartment for expansion tokens (scythe, millstone, fences), obsidian tokens and secret tokens. - 2 plastic token holders, each with 2 compartments for tool tokens. - 1 plastic card holder with 2 compartments for tool tokens. - 1 plastic card holder with 2 compartments for playing cards and damage tokens. - 2 plastic card holders, each with a compartment for playing cards. - 15 plastic card dividers. - 1 foam lid- thermoplastic- 3D printed in Germany. As with all 3D printed models, minor imperfections may occur. The product images are only examples of what the finished product may look like. Colours may vary. All products are supplied unpainted.
