### Product Description

This Feldherr transporter set is supplied without foam. Ideal for storing and transporting larger collections of miniatures and games. In combination with our raster foam inserts also ideal for other sensitive products. The set includes:- 1 transporter bag- 1 Feldherr storage box DSLB310. The storage box DSLB310 offers space for all Feldherr foam inserts in the sizes half-size, full-size and double-size up to a total height of 310 mm. The box is made of coated, double-walled cardboard and is therefore very light and also particularly stable. The attachable lid reliably protects the contents from dust and other external influences. With the matching foam insert, miniatures, game material and all other goods can be stored safely - and transported easily with the two plastic-reinforced carrying handles on the sides. The high-quality transporter bag is made of lightweight but durable fabric. In addition to the large main compartment, it has a small side compartment in which, for example, writing materials, game instructions or similar items can be stored. It can be carried with two handles or comfortably shouldered with the sturdy carrying strap. When the bag is not needed, it can be folded flat to save space and easily stored in the cupboard. Transporter features:- bag made of lightweight and particularly resistant material- additional small compartment (e.g. for writing materials) with zip. e.g. for writing materials) with zip at the front of the bag- 2 carrying handles and an infinitely adjustable carrying strap with shoulder pad for easy transport. Transporter dimensions:- Internal dimensions: approx. 620 mm x 400 mm x 340 mm height- External dimensions: approx. 635 mm x 410 mm x 350 mm height- Front compartment: 230 mm width x 210 mm height.
