In order to bring your model to the battlefield in all its glory, together with the Triarchate Menhirs, undamaged, we provide you with this customised Feldherr foam insert. The large compartment is precisely tailored to fit the throne of the Dominion. The miniature-accurate cut ensures that the miniature of Szarekh, the Silent King, is securely packed all round and remains in place during transport. The two additional compartments are customised for the two Triarchate Menhirs. Even the most powerful ruler needs capable generals. Illuminor Szeras with a retinue of Immortals, Flayed Ones or models with similar dimensions can be transported into battle in a half-size insert with 14 matching compartments. The 14 compartments of the insert have the following dimensions:- 2 compartments: 100 mm long x 88 mm wide x 75 mm deep- 2 compartments: 43 mm long x 33 mm wide x 75 mm deep- 2 compartments: 33 mm long x 33 mm wide x 75 mm deep- 8 compartments: 33 mm long x 28 mm wide x 75 mm deepThe Feldherr half-size foam insert with 5 compartments provides a safe haven for various Necron units. The 5 compartments have the following dimensions:- 1 compartment: 137 mm long x 76 mm wide x 65 mm deep- 2 compartments: 87 mm long x 76 mm wide x 65 mm deep- 2 compartments: 76 mm long x 40 mm wide x 65 mm deepAs the Citadel models of the Monolith and the Ghost Barque are unfortunately unable to repair their damage themselves, we include the matching Feldherr foam set, consisting of 2 inserts, in the storage box. One compartment is tailored exactly to the Necron monolith. This fits with and without a base. The compartment is suitable for both the old Monolith model (from 3rd edition) and the new 9th edition model from 2020. The Ghost Ark has a safe place in the compartment next to it, so that it and its crew are also well accommodated. The height of the set is designed for a Ghost Ark without a flight base. The second insert is placed on top. This means that the remaining parts of the miniatures are also safely packed in foam. You can store a large selection of different Necron models in the half-size insert with 6 compartments. The large compartment is ideal for the Kanoptech Dominator Rider. The two medium-sized compartments on the side are ideal for miniatures the size of the Skorpekh Destroyers. And the three small compartments offer space for infantry or character miniatures on bases up to 40 mm (e.g. Imothek the Stormlord, Nemesor Zahndrek or Immortals). The 6 compartments have the following dimensions:- 3 compartments: 52 mm long x 43 mm wide x 90 mm deep- 2 compartments: 67 mm long x 58 mm wide x 90 mm deep- 1 compartment: 180 mm long x 92 mm wide x 90 mm deepThe insert with the three large compartments is ideal for storing larger Necron miniatures.
