### Product Description

As noble knights, the players face the battle in their dreams with the only weapon their bed has to offer: a pillow! But they have to keep their eyes open and react at the right time. In each round of Pillow Fight at Midnight, all players reveal a character card at the same time. The revealed cards indicate which character they are playing in the dream in this round. Depending on their own character and the characters that the others have revealed, the players must now react quickly and perform certain actions. For example, an attacking knight must grab one of the pillows from the centre and use it to discard a defending knight. However, the number of cushions is limited and if you are not quick enough, you may not get one. And then there is the King of Silence, in whose presence all fighting is forbidden. Whoever manages to play all of their character cards first wins the game. Important notes: Caution! Not suitable for children under 36 months. - Number of players: For 3 to 6 players aged 6 and over - Playing time: 15 to 20 minutes
