Product Description

Discover a new world of shapes, design and STEAM learning with the 36 Piece Rainbow Shape Expansion Pack. Featuring our vibrant rainbow colours, this pack introduces large equilateral triangles, right-angle triangles, quarter circles, pentagons, trapezoids, and rhombis to your Connetix play! Carefully curated to engage children in creative play and support STEAM learning, the Rainbow Shape Expansion Pack is perfect for extending mathematical understandings, progressing engineering skills, and sparking imaginations. Unleash a whole new world of exciting play opportunities as children use right-angle triangles to create fast ramps, rocket fins, bridge supports and tall builds. Explore fractions, create bends in roads and discover pretend play with our quarter circles as you create your own pizzas, cakes and pies. Extend awareness of how shapes tessellate as you create large hexagons out of trapezoids or rhombi, and be inspired to design flowers and butterflies. Try your hand at designing and constructing a fascinating dome, ideal for experiencing light refractions. The only limit is your imagination! The perfect addition to the Connetix range, compatible with existing magnetic tile collections, the Rainbow Shape Expansion Pack promotes a new level of STEAM learning – effortlessly connecting learning and fun. Complement your pack with our 212 Piece Rainbow Mega Pack or create a gorgeous colour spectrum and add some earthy hues with our 40 Piece Pastel Geometry Pack. The possibilities are endless! About Our Products:- All tiles are made using non-toxic ABS plastic that is BPA and Phthalate free, sealed and riveted for extra safety.- Our unique beveled design allows Connetix to be strong while offering beautiful clear refractions.- Connetix are compatible with other leading brands. Recommended Age: 3+ (contains magnets and small parts).
