Product Description

Haunted by his past and on the run from a vengeful spirit, the deserted sword master Zhihou decides to learn the forbidden phoenix fighting style and wander the lands of Zhoujiang as a mute fighting monk. During his wanderings, he meets the enigmatic Ming-Na, who uses the basics of the rare phoenix art herself. He initially refuses to accept her as a student, but she knows of a burning map of the phoenix that is supposed to lead to the sacred site Zhihou is looking for. An adventurous journey begins ... Another fantastic novel from Lorakis, the world of the role-playing game Splittermond, which has won three German role-playing game awards.
