### Product Description

The muses continue to whisper their clues into all your ears, but you can take inspiration from them in different ways. Muse: Renaissance is a stand-alone party game for 2 to 8 people aged 10 and over that expands the world of Muse. You give the others cryptic clues to inspire them. Renaissance comes with fresh, new masterpieces that are once again impressively illustrated and invite you to perceive details on the often surreal motifs differently and to interpret your clues as Muse in very different ways. A new scoring system is also introduced that rewards you individually, rather than as a team, for guessing correctly or giving good clues. You can also play Muse: Renaissance co-operatively.
