Product Description

Welcome to Maracaibo. Discover life as a privateer. As you cruise the Caribbean, you will trade and embark on adventurous expeditions. The latter is not so easy with over 200 wooden pieces and more than 260 cards. We support you in your career with the matching Feldherr Organiser. It keeps the box tidy and the game table clear. - The organiser fits into the original board game box and offers space for all the Maracaibo game material. - Additional space for the cards of the Maracaibo: La Armada expansion and promo cards. (Cards are not included in the base game) - The set consists of ten individually removable plastic token holders and two plastic card holders. - Each player has access to a token holder with the required tokens and a victory point tile in their colour, as well as 24 discs. - Some trays not only serve as a storage solution, but can also be integrated directly on the playing field as a game set-up aid. - All cards also fit with protective sleeves. - The ship boards rest on the token holders. A recess in the holders makes it easier to remove the boards. - Instructions and game board are stored separately in the box. - Transport and tilt-proof - vertical storage possible - "Ready to use" - no assembly required We have organised your box so that you can set sail with peace of mind. Thanks to the token and card holders, your box is organised and time-consuming pre-sorting is a thing of the past. To start the game quickly, simply place the individually removable trays on the table and you're ready to go.
