Product Description

If you want to build a space empire, you need lots of workers to fulfil tasks, colonise worlds and develop technologies. The trick is to keep an overview! To make sure you don't lose it, there's this Feldherr organiser made of plastic for your game box. - The organiser offers space for all game materials from the "Roll for the Galaxy" base game and the two expansions "Great Competition" and "The Great Dream" from Pagesus Spiele. - 18 individually removable trays made of plastic- Transport and tip-proof - Vertical storage possible- Rulebooks, storage boards, cloth bags, screens, market board, overview sheets and the sheet with stickers are stored separately in the box. - The lid of the board game box protrudes approx. 1 cm. - No assembly required. All parts are ready to use. While you roll the dice for the fate of the galaxy, we take care of the tidiness in your box and on the game table. For a quick start to the game, take the 18 individually removable token holders out of the box and distribute them as you wish on the game table. This creates an overview and speeds up the game setup. The set in detail:- 2 token holders with 3 compartments each for game tiles and phase markers- 10 token holders of different sizes for special dice- 1 token holder with 2 compartments for victory point chips and power markers- 1 token holder with 4 compartments for phase strips, replacement phase strips, replacement markers for base tiles, asset limit strips, Player order track- 1 token holder with three compartments for changeable dice and task boards- 1 token holder with four compartments for dice sides, faction tokens and coloured player tokens- 1 token holder with six compartments for dice sides- 1 token holder with two compartments for dice sides and levers When all token holders are in the box, there is enough space to place the dice cups in the box. Rules booklets, storage boards, cloth bags, screens, market tableau, overview sheets and the sheet with stickers are placed on the token holders. - thermoplastic- no assembly required - ready to play- 3D printed in Germany As with all 3D printed models, minor imperfections may occur.
