Product Description

You want to see the world burn and with your support, Trogdor the Burninator will fulfil your wish. In order for you to fulfil your task, the chaos in your board game box should be kept to a minimum. The Feldherr Organiser for the Deluxe Edition of "Trogdor! The Board Game" ensures that all game materials remain clearly organised and that the contents of the box make a sensible impression. The organiser offers space for all game materials from the Deluxe Edition of "Trogdor!!! The Board Game". The set fits into the original board game box from "Trogdor!!! The Board Game" - Deluxe Edition. Provides additional space for separately available "Homestar Runner Meeples". The original plastic insert is required to store the token and card holders in the game box. All cards also fit in the trays with protective sleeves. The cloth bag is stored in the free space of the box. The trough metre and instructions are placed on the plastic trays. Transport and tilt-proof - vertical storage possible - "Ready to Use" - no assembly required. Save yourself the time-consuming task of organising and sorting your tiles, cards and meeples at the start of each game. With the Feldherr map and meeple holder, you can store all your game components compactly and neatly. You'll always be able to find what you need and sorting after the game is much easier. To start the game quickly, simply take the trays out of the box and place them on the table. This means you have all the cards, tiles and meeples quickly to hand, can get started straight away and watch the world burn. The set consists of: - 1 plastic card holder with 3 compartments for tiles and cards (Map Tiles, The Void card, Action cards, Movement cards, Keeper cards and Item cards) - 1 plastic meeple holder with 2 compartments for meeples (standard figures, Homestar Runner meeples) All cards also fit into the trays with protective sleeves. The cloth bag is placed in the free area of the box. The trough metre and instructions are stored on the plastic trays. thermoplastic - no assembly required - ready to play - 3D printed in Germany. As with all 3D printed models, minor imperfections may occur. The product images are only examples of what the finished product may look like. All products are provided unpainted.
