Product Description

Compatible with Winter of the Dead After the world has been overrun by zombies, the survivors have no choice but to trust each other and search for supplies in cold, deserted places. Literally hundreds of maps and markers bring this dark world to life. Our mission gives them all a place and creates order in the colony. DEAD consists of 6 boxes, 5 of which are removable and can be distributed on the game table as desired. When all the boxes have been placed in the carton, a recess remains free in which the overview and location cards can be placed. The game board and rule book are then placed on top. The box lid closes flush. The box can easily be stored on edge. This item is supplied as a kit that needs to be assembled. We recommend using wood glue for this (not included in the package).
