### Product Description

You thought a self-discovery trip far away from civilisation would be a good idea. If only there weren't all those cards and tokens making a mess in your game box. To ensure that your big dream of a perfect community doesn't turn into a disaster, we have the matching Feldherr organiser made of robust plastic for your basic game box. You can use it to keep your Boonlake tidy, have your game material under control in no time and be in control of the situation. The organiser fits into the original basic game box of "Boonlake". The set offers space for all the game material of the basic game. The trays can be removed individually. 3 card holders and 9 token holders are available for the game material. All cards also fit with protective sleeves. All cards also fit into the card holders with protective sleeves (max. external dimensions: 96 x 68 mm). Wooden tokens can be stored in the token holders, sorted by colour. Game board and double-layer player boards are stored on the bottom of the box. Action board and instructions are stored on the organiser. Transport and tip-proof - vertical storage possible. "Ready to use" - no assembly required. While you explore your new home, we optimise your board game box. Nine token holders and three plastic card holders ensure that you can store your game material neatly. This saves you time-consuming pre-sorting. Thanks to the clear structure of the organiser, it can be loaded quickly. For a quick start to the game, simply take the trays out of the box and spread them out on the table. This gives you an overview and everything is within easy reach. After the game, simply sort the tokens back into the trays and put them back in the game box. This means you don't waste time setting up and dismantling the game and have more fun playing. The set contains: 6 token holders, each with 1 compartment for tokens in the player colour + small game material such as levers and scoring tiles 3 token holders, each with 2 compartments for small game material such as region markers, starting player markers, solo tiles, coins, production buildings 1 token holder with 5 compartments for small game material such as vases, scoring markers, 100/200 markers 1 token holder with 2 compartments for building tiles and action tiles 3 card holders, each with a compartment for project cards 1 foam cover - high-quality, fine-pored foam - chlorine-free and acid-free - Made in Germany As with all 3D-printed models, minor imperfections may occur. The product images are only examples of what the finished product may look like. All products are provided unpainted. thermoplastic - made from renewable raw materials - no assembly required - ready to play - 3D printed in Germany
