Product Description

Description A challenging race around the globe. As in the original novel, the British capital London is the start and finish point of the exciting journey in "80 Days". Following in the footsteps of the English gentleman Phileas Fogg, you travel from city to city by ship, train or balloon. As an ingenious detail, the cost of travelling is constantly increasing, which is why free trips are highly coveted in order to save valuable coins. Stormy weather, broken railway tracks, poor visibility or customs checks constantly present new challenges for the game round the world. Helpful luggage can be purchased in the boutique or bazaar - or on the black market. If you have enough money! Because - just like travelling costs - prices are constantly rising in all areas of the market. It is just as important to pack well and save space, as each suitcase on the personalised character boards only has a certain capacity. Details- Age: from 10 years- Persons: 2-4- Duration: approx. 50 minutes- Product dimensions: 295x295x70 mm
