Product Description

Mhhh, a wonderful day for a visit to the ice cream parlour. But this is no ordinary ice cream parlour, because they only serve crazy and disgusting flavours! Which flavour do you fancy the most? Would you like a little snail slime? Or would you prefer hot dog ice cream? Yummy, yummy ...In the children's game Horrible and Disgusting Ice Cream, you try to collect cards with weird and disgusting flavours of ice cream. The cards conceal a secret: three possible flavours are shown on the back, one of which you will find hidden on the front. But which one? Reveal a card, but first you have to choose a flavour. If you are right, the ice cream flavour will be added to your collection. Be the first to fill your ice cream cone completely to win.
