Product Description

Horses are a rather rare sight north of the Wall, which makes Harma Doghead's vanguard all the more special. Although they are only lightly armoured and primitively armed compared to the troops of the south, this cavalry unit is not only the vanguard, but also the scout and storming point for the armies of the Free People. Its greatest weakness is its light armour, but this is also its greatest strength: speed. The unit expansion A Song of Ice & Fire - Harma's Vanguard brings four miniatures to the popular world of the epic tabletop game. Included are four members of Harma's Vanguard as well as a unit card and a movement board. A Song of Ice & Fire - Free People Starter Set is required to play this expansion.
