### Product Description

Gloomhaven is truly epic gaming fun. And that doesn't just apply to the campaigns. With almost 10 kg of game material, it's easy to lose track of things. How good that this set, thanks to lightweight foam inserts and plastic card holders, keeps everything organised without making it unnecessarily heavy. A real relief. You always have an overview, are ready to play faster and can save your energy for the really important tasks. - This Feldherr organiser set fits exactly into the original Gloomhaven board game box. - It offers space for the complete game material of the basic game and is compatible with the first, second, third and fourth editions. - Two foam inserts help you to sort the markers and other small game material. - The individually removable plastic card holders are reserved for the cards, envelopes and counters. - All cards also fit with protective sleeves. Compatible with premium card sleeves. The character folding boxes are stored next to the foam inserts (see illustration). - Larger game components, such as the map boards, the rulebook and the scenario book, are placed on top of the foam lid. - The lid of the board game box protrudes approx. 1 cm. - Transport and tip-proof - can be stored vertically. - "Ready to use" - no assembly required. For using card sleeves: The card holders provide space for playing cards with protective sleeves (max. external dimensions: 94 x 73 mm and 72 x 47 mm). The game cards, which are stored together with the game material in the character folding boxes, only fit into the boxes without sleeves, as intended by the manufacturer.
