Product Description

Torg Eternity - Delphi Missions; The storm is coming, adventure volume (DE), 80 pages

The Delphi Council needs you! This book is the first in a series of adventure volumes with which you expand your Torg Eternity campaign. Each of these twelve adventures is designed so that it can be played through in an afternoon, either as part of a larger campaign or as an individual scenario. These dangerous missions add new possibilities and complications to the existence of the Storm Knights.

The adventures in this book are designed for Alpha Security Storm Knights and take place in the first year of the Possibility Wars. They were written by a large group of talented writers, including original Torg developers Greg Gorden and Bill Slavicsek! Other recurring authors are Ed Stark, Miranda Horner, and John Terra. Other contributions come from well-known industry giants such as John Wick, Steve Kenson, Robert Schwalb, Monica Valentinelli and Ross Watson!

Warning! Not suitable for children under 36 months.

Content:

- Twelve adventures that cover all the cosms of the Possibility Wars.
- Very suitable as a filler and short adventure for in between, or to extend an act. New friends and enemies!
