Product Description

Starfinder - Flip-Mat: Asteroid (DE)

Regardless of whether the heroes are looking for the ultimate deposit of star metals or are on an abandoned space rock before the law hide, no game master wants to spend their time drawing every crater, ledge and tunnel. Fortunately, thanks to the latest Starfinder Flip-Mat, you don't have to!

This double-sided map shows the rough surface of a rocky planetoid on one side and a seedy mine station beneath the surface of the asteroid, which makes the perfect one on the other. Provides framework for any space adventure.

Don't waste time sketching when you can already play. With the Starfinder Flip-Mat: Asteroid you are always ready the next time your players come into an asteroid field!

Warning! Not suitable for children under 36 months.
